

TowerJazz Named Best Foundry Supplier Third Year in a Row by Skyworks Solutions

February 17, 2011

Recognized for excellent quality, performance and solid alignment with Skyworks' supply chain requirements

MIGDAL HAEMEK, Israel & NEWPORT BEACH, Calif., Feb 17, 2011 (BUSINESS WIRE) --

[TowerJazz](#), the global specialty foundry leader, today announced it has received the 2010 Foundry Supplier of the Year Award from [Skyworks Solutions](#), Inc., an innovator of high reliability analog and mixed-signal semiconductors enabling a broad range of end markets. This award was granted to TowerJazz for the third consecutive year in recognition of TowerJazz's excellent quality, performance and solid alignment with Skyworks' supply chain requirements.

Skyworks, a TowerJazz customer since 2002, utilizes a broad set of the foundry's specialty process offerings including mixed-signal [CMOS, RECMOS, BiCMOS and SiGe BiCMOS](#), to develop a wide range of Skyworks' products such as transmit/receive modules, power amplifier controllers, switch controllers, linear devices, and wireless LAN solutions.

"We congratulate TowerJazz on winning our Foundry Supplier of the Year Award for the third year in a row," said Bruce J. Freyman, senior vice president of worldwide operations at Skyworks. "This accomplishment demonstrates TowerJazz's proven track record in delivering high quality technology and design enablement services as well as in consistently meeting our supply chain requirements year after year."

"We are pleased to again receive this award from Skyworks. Recognition from one of our major long-time customers demonstrates our commitment to our partnerships to not just meet, but rather, exceed expectations," said David Postula, TowerJazz Vice President of Sales. "This award is evidence of our success in creating value for our customers through our service and support. We appreciate the confidence Skyworks has in our proven technology platforms for manufacturing their leading-edge devices."

About TowerJazz

Tower Semiconductor Ltd. (NASDAQ: [TSEM](#)) (TASE: TSEM), the global specialty foundry leader and its fully owned U.S. subsidiary Jazz Semiconductor, operate collectively under the brand name TowerJazz, manufacturing integrated circuits with geometries ranging from 1.0 to 0.13-micron. TowerJazz provides industry leading design enablement tools to allow complex designs to be achieved quickly and more accurately and offers a broad range of customizable process technologies including SiGe, BiCMOS, Mixed-Signal and RFCMOS, CMOS Image Sensor, Power Management (BCD), and Non-Volatile Memory (NVM) as well as MEMS capabilities. To provide world-class customer service, TowerJazz maintains two manufacturing facilities in Israel and one in the U.S. with additional capacity available in China through manufacturing partnerships.
